# A PASSION FOR DANCE

Since 1988 Charleston Ballet Center for Dance has hosted its distinctive summer course with students from across the United States, Europe and Japan. The dedicated faculty has been privileged to help train aspiring young dancers who have then been accepted into exceptional institutions and professional companies. Resident Faculty and distinguished Guest Artists will offer multiple daily classes with concentrations in ballet, pointe, variations, and choreography composition. The comprehensive program with one-on-one attention and small classes, is designed for intermediate and advanced pre-professional dancers age 11-18 and juniors age 8-12. The goal of all classes is to offer the highest level of professional training while encouraging each student's individual development, artistry and self confidence.
